## Welcome one and all to our 22nd Annual on Property Bull Sale. This year it will be held on Saturday July 26th, commencing at 11am, with 110 quality, beefy boys for your competition.

Here at 'Warravale' in the Kandanga valley, we have had a very wet season with very few sunny days all year which hasn't allowed our pastures to sweeten up much until just quite recently, once we had a couple of frosts.

As a result of these waterlogged pastures the bulls have struggled a little to reach the weights we look for prior to preparation. However, they will have an 80-day preparation on a high roughage, especially formulated diet, by sale day and they are literally flying along now. I'm writing this welcome back in June and it's pleasing to see the bulls starting to take shape, already.

In the line-up there are a lot of polled bulls that still display strong masculine heads, plenty of bone and good testes. These are traits we refuse to give up as we go down the polled path, and as a sidenote their sisters are an outstanding feminine line, that we're very proud of.

It's been a good year for our clients with numerous championships and top prices being achieved at store sales around Queensland and like us, most of you are quiet achievers. Roz and I and family are proud to have assisted in your success with Kandanga Valley genetics.

Our EBV's for our Charolais bulls are very solid throughout and it's no wonder when eight of our sires represented by sons in this sale, being trait leaders for weight for age or low birthweight. We strive for performance here at Kandanga Valley and the proof is in the figures.

All bulls are now semen morphology tested two weeks prior to sale to allow you to buy with confidence on sale day.

**Roz & I and Nick & Grace look forward to catching up on sale day, 26th July.**

All the best,  
John

# About Us & Stud History

Both the Kandanga Valley Charolais and Charbray studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.

Roz and I purchased our home property 'Warravale' from my parents in 1986 and have since owned properties in central Queensland and Tansey. Our herds are now based on our two Gympie properties and our Moonie aggregation on the Western Downs.

We have raised four great children, Wade, Kate, Nick and Brooke and are now proud grandparents to an ever-increasing group of fine, good looking offspring.

The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays, with the added benefit of tick resistance, convinced us that Charbray cattle were the most profitable in our environment and probably most other environments as well. Their saleability at fat or store markets is second to none in Queensland.

We now put a heavy emphasis on breeding generation bred (purebred) Charbrays for a much better consistency of progeny to hit the ground.

Early stud Charolais breeders were purchased from numerous high-profile studs plus smaller herd dispersals back in the eighties. Since then, we have bred heavy muscled, soft fleshed French type cattle, with an eye on all the traits required to perform in Queensland conditions. Traits like fertility, milk, growth and muscling, and now polledness rank very highly in our selection criteria. Our herd is run very similar to any commercial herd, with poor performers being culled quickly.

Having access to such a large number of stud females has allowed us to be very selective within our herd and we think the bulls offered during this time reflect this as do their very positive EBV figures.

We have recently purchased more country adjoining our Moonie property which has allowed us to retain more breeding females with our stud herds now over 1700 stud cattle.

# About The Sale Bulls

## CHAROLAIS

Generally quite young bulls on offer this year with a sprinkling of older, more mature boys that show what their young brothers can really grow into. Once again a solid line-up of beefy bulls with good soft meat and muscling in all the right places.

Of the 60 Charolais bulls in this catalogue, 37 are polled, with 6 polled red factor and 3 homozygous polled. We think you'll agree, as we've gone down the polled path we've been able to maintain our performance and especially that strong sirey head and masculinity we all look for in a herd improver.

Also, with fertility traits well and truly locked into our Kandanga Valley breeder herd and very good growth EBV's on display, there's plenty of young studs here that can improve any herd.

There's a big line-up of sons by Palgrove Lombard (polled) and Allednaw Prince (polled), two ever reliable old sires that have definitely put a stamp on our herd.

Plus impressive polled sons of Moongool sires – Recall (polled), Qadir (polled) & Mr S (homozygous polled) that will put some real carcass punch into their calves.

Not to forget old Kandanga Valley Lionheart (red factor), a truly magnificent specimen of a Charolais bull with faultless structure that stood up to serious work until ten years old and was only moved on due to our polled program.

Ascot Quorum is a polled bull that has stamped a line of top performing youngsters showing a little extra fat cover and will fit well into any herd.

All bulls were blooded as weaners, and vaccinated with 7-in-1, 3-day sickness and Vibrio.

Sale bulls are used to being mustered with horses, dogs, buggies and or 2-wheelers.

Videos and supplementary sheets will be available at least a week prior to sale and bulls will be semen tested, both crush side and morphology, two weeks prior to sale.

## CHARBRAY

Bred to perform with as much meat and muscling as our Charolais but with the bred in constitution and tick tolerance of our Kandanga Valley Charbray bulls - to all you breeders along the coast or in that big rougher country to the west, these boys will perform for you year in year out.

Over the years we've put a lot of emphasis on leg structure and tidy sheaths, probably the two structure faults bulls mostly fail from. We think you'll agree year after year Kandanga Valley Charbray bulls have stood up to inspection and passed with a positive tick.

With the muscling and weight for age in some of these bulls it would be well worth your while to come for a look if you need to improve your weaner weights and produce more flat-back cattle to make premium prices.

Of the 50 quality Charbray bulls on offer, 25 are polled and although they vary in colour a little, we see that as a positive with some cherry red bulls offered that would fit nicely into Santa or Droughtmaster herds.

With bulls containing high Charolais content right through to some very nice high Brahman content boys, there's bulls here to suit everybody and every climate.

Reared here on the coast and seen plenty of cattle ticks, the bulls have been vaccinated with 7-in-1, blooded, 3-day sickness and Vibrio. All bulls are used to dogs, bikes, horses and buggies.

Bulls will be semen tested, both crush side and morphology, two weeks prior to sale.

**All the sale bulls have been prepared on our own special high roughage ration supplied by Norco stockfeeds for 80 days with access to good quality pasture haylage at all times.**

**All bulls catalogued have been vaccinated with 7-in-1 as calves, 3-germ blood at weaning, 3-day & Vibrio as yearlings.**

**They are used to horses, dogs and buggies.**

**REBATE:** 3% REBATE is offered to outside agents introducing buyers, in writing, 24 hours prior to sale, and settling within 7 days. These conditions will be strictly adhered to.

**DELIVERY & TRANSPORT:** All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue. Free transport is being offered to Dalby and Roma (via Murgon), Toogoolawah & Eidsvold, north to Gracemere and Sarina (via Bruce Highway), Emerald and Clermont (via major centres only).

**HEALTH:** All bulls are vaccinated with 7 in 1 (as calves), 3 germ blood (as weaners), 3-day sickness and Vibrio (as yearlings).

**TICK LINE CLEARANCE:** All bulls treated prior to sale for immediate inspection.

**SUPPLEMENTARY SHEETS:** Will be available on Sale Day containing the following information – Semen test results, Scrotal measurements, Weights, Scan measurements for Eye Muscle Area, rib & rump fat measurements.

**ESTIMATED BREEDING VALUES (EBVs):** EBVs are displayed on all bulls (where available). To obtain EBV figures, our stud Charolais cattle are weighed at weaning and once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over four different properties. However, our mature breeders are calved unassisted. Scanning data from bulls and heifers is now also submitted to improve the accuracy of carcass EBVs.

**GUARANTEE:** We guarantee all stock sold at this auction as sound breeders. Any dispute regards infertility must be brought to our attention via writing within 6 months of purchase accompanied with a veterinary fertility inspection certificate.

**AIRSTRIP:** Light planes at Gympie, others to Sunshine Coast or Brisbane

**ACCOMMODATION:** Motels in Gympie, B&B's at Amamoor, Kandanga, Imbil & Gympie. Please call vendors to arrange accommodation if needed.

**PHONES:** Please contact your preferred agent to arrange phone hook-up on sale day. Internet bidding via Auctions Plus is also available on the day.

**REGISTRATION TRANSFERS:** For transfers of REGISTERED Charolais and Charbray bulls, purchasers must be members of the relevant Society. Please indicate TRANSFER REQUIREMENTS on Buyers Instruction Form on sale day.

**REFRESHMENTS:** Complimentary morning tea, lunch and refreshments will be available on sale day.

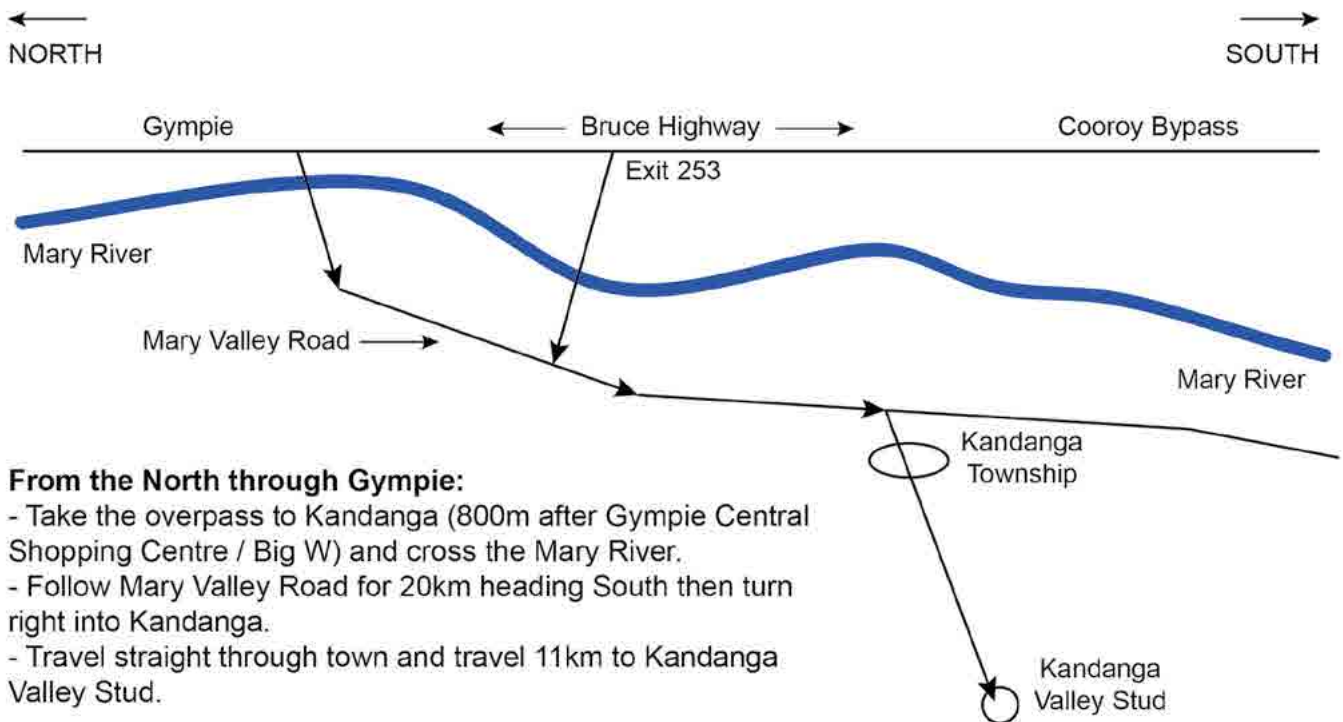

**ALL BULLS ARE SEMEN TESTED  
2 WEEKS PRIOR TO SALE**

**ALL BULLS ARE HANDLED WITH

**COMMENTS:** Palgrove Lombard (polled) was purchased not only for his good structure, growth and muscling, and masculinity but also for his breeding. We were keen to purchase a quality son of Evolution and we got a good one in Lombard. Still going strong at 10yrs old - his sons are beefy and his daughters stylish and tidy.

40 sons sold so far to average \$8475 to a top of \$16,000 to Eskdale Cattle Co. Represented by 12 bulls in this catalogue (4 polled).

His sons have sold very well and his daughters are outstanding tidy, milky and very quiet natured. 14 sons sold so far have averaged \$10,714 to a top of \$30,000 to Beaumont Grazing, Taroom.

# STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

**IMPORTANT NOTE:** All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Conditions 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
  2. The sale will be conducted on a "Sale" or "No Sale" basis, whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
  3. The details of the purchaser, the purchase price and the lot sold as recorded by the Sale Clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
  4. The auctioneer expressly reserves the right, without giving any reason therefore to:-
    - (a) Refuse to acknowledge any bid;
    - (b) Withdraw any lot or lots before or during the sale;
    - (c) Exclude any person from the auction venue should it think fit.
  5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
  6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
  7. In the event of any dispute in respect to the sale of any lot:-
    - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions;
    - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
    - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
    - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
  8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
  9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
    - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
    - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of this condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its Bill Rate for 180 day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.
  - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
  10. If the purchaser shall neglect or fail to comply with any of the within conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
  11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.
  12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.
  13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
  14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
  15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
  16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
  - (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.
  17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
  18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
  - (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
  19. **DELIVERY**. Except at the discretion of the auctioneer, no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer, pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
  20. In these Conditions:-
    - (a) References to "auctioneer" shall be taken to mean as the contest so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot.
    - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1.
    - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm.
    - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.
- IMPORTANT NOTICE** The Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.
- All persons who attend the sale do so entirely at their risk and the Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
